Cut-off Discs

A

Versatile, General Purpose Aluminum Oxide Cut-Off Disc

- Performs well on carbon steel, stainless steel and aluminum
- Tough grains cut fast to enhance productivity

A+

Long Life, General Purpose Disc

- Performs very well on stainless steel, carbon steel, and aluminum
- Coated AO grain to increase productivity vs. standard AO abrasive

Grinding Discs

A

Versatile, General Purpose Grinding Disc

- Performs well on carbon steel, stainless steel and aluminum
- Tough grains cut fast to enhance productivity

AS

Optimum Performance Grinding Disc for stainless steel

- Performs well on carbon steel, aluminum and exceptionally well on stainless steel.
- Coated AO grain to increase productivity

EXT

Premium Performance Grinding Disc

- Longest life, maximum productivity wheel for stainless steel, carbon steel, alloys & aluminum.
- Ceramic Abrasive
- Cuts aggressively with minimal pressure.
- Cuts most consistently throughout the life of the disc.
- Dissipates heat most effectively.

Flap Discs

Z

Versatile and Durable Flap Disc

- Performs very well on carbon steel, stainless steel, alloys and aluminum
- Withstands higher temperatures and heavier pressures present in high-stock removal applications

EXT

Premium Performance Flap Disc

- Performs very well on carbon steel, alloys, aluminum and extremely well on stainless steel.
- Ceramic Abrasive
- Cuts aggressively with minimal pressure.
- Cuts most consistently through the life of the disc.
- Dissipates heat most effectively.

## Total Solutions

Osborn has a long history of providing distributors' end users the right products. Now, with our newly launched abrasives line, Osborn truly is your total solution provider.

- Cutting
- Sanding
- Grinding
- Cleaning
- Polishing
- Finishing

At Osborn, our people and knowledge give you an even greater advantage. No matter where in the process your need or issue lies, Osborn has the products and expertise to help you Finish. First.
