

## NEWS RELEASE

### **Osborn Announces Scott Scheider as Product Marketing Manager, Load Runners®**

RICHMOND, Ind. – February 2017 – Osborn, the world's leading supplier of industrial brushes, polishing compounds and buffs, announced Scott Scheider as product marketing manager for its Load Runners® division of standard and custom idler rollers.

As a product marketing manager, Scheider is responsible for the design and execution of research initiatives and market analysis for the complete Load Runners product portfolio. Scheider brings more than seven years of industry experience to this role. Prior to joining Osborn, he worked as a product marketing specialist, business development specialist and strategic business planner for Siemens Industry.

"Scott's proven industry experience makes him a strong asset to our growing Load Runners team," said Spencer Maheu, director of marketing and product management at Osborn. "We believe his leadership skills will allow our product team to continue offering best-in-class products in terms of both performance and value to our customers."

Scheider lives in Cincinnati and earned a bachelor's degree in marketing from the University of Cincinnati. He is also a member of the American Marketing Association. In his spare time, Scheider enjoys coaching hockey.

#### **Load Runners®**

Osborn's Load Runners division features a full line of cam followers, idler rollers and rail systems in all standard configurations: plain, flanged and v-groove. Along with standard products, the company designs and manufactures customized products. For precision handling of heavy loads in tough environments, Load Runners is the world's leading idler-roller and rail solution, used in industries from healthcare and primary metals to automotive and general manufacturing.
